Omnicanne Foundation

Omnicanne Foundation is the social arm of Omnicanne with the objective of fulfilling our CSR objectives for the benefit of our neighbouring communities. Created in 2009, the foundation consists of an internal CSR steering committee of 8 members. The committee has the responsibility to assess new projects and review progress of ongoing projects. As a socially responsible organization, Omnicanne has gone beyond its legal requirement by making a voluntary contribution of Rs. 2 million to the 2015 CSR budget over and above the mandatory 2% CSR value. In 2015, we have successfully contributed in the realisation of 57 projects, which has benefitted some 5,000 people.
